Raines Recommends Nightfood Sleep-Friendly Nighttime Snacking to Portfolio of Hotels

Tarrytown, NY, July 27, 2022 – Nightfood Holdings, Inc. (OTCQB: NGTF), the company pioneering the sleep-friendly nighttime snacking category, announced today that Raines is now recommending their portfolio of hotel properties offer Nightfood snacks in their hotel lobby marketplaces.

Powerfully grounded in a family culture, Raines boasts a portfolio of 21 managed hotels (with three more in development) and owns 80% of the portfolio. Brands include Marriott, Hilton, Hyatt, Choice, Best Western, and Wyndham.

“Raines is proud to be a hands-on management group committed to investing in optimizing the guest experience,” remarked Dan Paola, VP of Operations at Raines. “It’s common sense for hotels to provide snacks that can help guests snack better, and sleep better, at night.”

As part of the relationship, certain Raines hotel grab-and-go freezer doors will be outfitted with Nightfood stickers to drive increased awareness and purchase.

“Raines is a developer, owner and leading management company and their hotels and various brands are perfect for Nightfood snacks”, said Jill Dean Rigsbee, CEO and Founder of iDEAL Hospitality Partners Group, who is the hospitality business development company for Nightfood.

“We’re thrilled to add Raines to the Nightfood family,” commented Nightfood CEO Sean Folkson. “The enthusiasm with which the Raines team is embracing sleep-friendly nighttime snacking affirms the value we’re delivering to hotels and their guests.”

About Nightfood

Nightfood is pioneering the category of sleep-friendly nighttime snacking.

Over 80% of Americans snack regularly at night, resulting in an estimated 700 million nighttime snack occasions weekly, and an annual spend on night snacks of over \$50 billion. The most popular choices are ice cream, cookies, chips, and candy. Recent research confirms such snacks, in addition to being generally unhealthy, can impair sleep, partly due to excess fat and sugar consumed before bed.

Nightfood’s sleep-friendly snacks are formulated by sleep and nutrition experts to contain less of those sleep-disruptive ingredients, along with a focus on ingredients and nutrients that research suggests can support nighttime relaxation and better sleep quality.

The brand is currently focused on establishing widespread national distribution of its sleep-friendly snacks in the high-margin hotel vertical. Nightfood began rolling into hotels across the United States in May 2022. Management believes hotels have an obligation to help guests achieve better sleep, and one way to do that is through the snacks hotels curate for sale in their grab-and-go lobby shops.

With an estimated 56,000 hotels across the United States, national distribution is expected to lead to profitability, consumer adoption of the nighttime snack category, and a strategically defensible position from which category leadership can be maintained.
